

SAINT  AGNES  
CATHOLIC SCHOOL

Forming Minds & Souls for the Future

May 22, 2018

Parents,

On behalf of Phil Rodgers and his staff, we wanted to thank you for your continued support of the school's lunch program. To have the opportunity to provide a nutritious meal for the children is a tremendous responsibility and privilege for our staff.

We know our menu has some popular items, and not so popular items that the students throng to and shy away from. Without a doubt pizza, chicken tenders and baked potatoes are among the most popular, not to mention taco salads as well. We did a quick survey of the classrooms to get an idea on what students and teachers might like to see in the future. We will review those items against what the state asks us to provide as a nutritious and balanced meal and make adjustments where we can.

One big change we wanted to make you aware of for the 2018-2019 school year is the meal pricing for students and teachers. You'll be excited as we are going to roll back prices, at least for a year, in hopes of stirring a bit more interest in the lunch program. Beginning this fall the student price will be \$3.50 and the teacher price will be \$3.75.

Enjoy your summer, soak up some rays, read those books you've put aside this school year, and make some happy memories!

See you in the fall!!

Mike Gomez

Director of Parish Ministries & Business Manager
